Perspective 3d - Plansa I

[illegible]

A dark, grainy, black and white photograph of a street at night. The image is heavily tilted and distorted, with strong diagonal lines and a high-contrast, low-key aesthetic. On the left side, a street sign is visible, reading "Domino's". The scene is dimly lit, with a few light sources creating bright highlights and deep shadows. The overall mood is mysterious and urban.
