

The architectural floor plan depicts a long, narrow building with a complex truss roof system. The plan is divided into three main sections by vertical walls. The roof structure consists of a series of trusses with diagonal bracing, supported by a central vertical wall and the side walls. The building has a total width of 3000 units and a depth of 11183 units. The plan includes numerous dimensions, wall thicknesses, and structural details. The roof is supported by a series of trusses with diagonal bracing. The building has a total width of 3000 units and a depth of 11183 units.
